

User Stories

1. As a logged-out user, I want to be able to login
2. As a logged-in user, I want to be able to input favorite restaurant information.
3. As a user, I want to be able to see the list of my favorite restaurants.
4. As a user viewing my favorite restaurant, I want to be able to recall restaurant-specific information I've already input (i.e. restaurant on Google maps, schedule restaurant is open, link to restaurant website (or specific pages of website such as the reservation page), dishes at restaurant).
5. As a user inputting restaurant information, I want to be able to add pictures to the restaurant profile.
6. As a user, I want to be able to see my restaurants on a map view
7. As a user, I want to be able to view the restaurants' Yelp/ Google reviews
8. As a user, I want to be able to create my own comments/ reviews on the app that other users can see
